

VRUIM - Check valve DN 15:80

Check valve with female union ends for socket welding, metric series.

The VR is an angle seat check valve with weighted PP-H piston that allows the passage of fluid in one direction only.

- Connection system for weld, threaded and flanged joints
- **No metal parts in contact with the fluid**
- **Piston with counterweight** able to work with high intensity fluid
- Limited pressure drop. Only minimum back pressure is required for the hermetic seal
- **Valve material compatibility** (PP-H) with water conveyance, drinking water and other food substances according to **current regulations**
- Can be maintained with the valve body installed
